EXPERIENCE

Freelance - Web Developer   **Jan. 2022 – Present**
UI Design, Copywriting, Frontend, Deployment   *Cancun, MX*

- The whole journey of developing a successful product is quite fun. From getting to know my clients and their business needs, to deploying a fully functional product(Client's Project).

uTest - Manual Tester   **May. 2022 – Present**
Manual and Functional Testing   *Cancun, MX*

- Responsibilities: Communicating with the test cycle team, completing test cases, exploratory testing, bug reporting, writing reviews, checking other bug reports.

PROJECTS

Conduit - Cypress Automation Testing   **July. 2022**
Manual, E2E Testing, API Testing, Exploratory Testing

- Setting up a SCRUM project in JIRA. Documenting the exploratory testing notes in a Confluence page (JIRA). Reporting bugs. Completing the test cases of manual tests. Automating test cases using custom commands. Uploading the git repo to GitHub.

Madison Island - Cypress & Postman API Testing   **Ago. 2022**
Manual, Automation and API

- Documenting the exploratory testing with Notion. Automating a happy path with Cypress. Testing the requests and responses from the API endpoints with the Postman automation feature. Manual Testing with TestRail.
